

*Ajit Pai, Michael O'Reilly, and Brendan Carr:*

*I support the existing Net Neutrality rules, which classify internet service providers under the Title II provision of the Telecommunications Act. Please DO NOT roll back these regulations.*

You have the power to protect the freedom our nation was founded through. Political ramifications I imagine would include no longer supporting your future/other causes should you take away internet freedom for America. Should you change your mind and keep certain freedoms in place, I would imagine your political support would increase. Please keep our freedoms. We are counting on you.
